

Testimonials from Dana Zinn Seminar Attendees

...Nothing short of amazing! Dana's coaching includes moment by moment search narration of the dog working odor, from start to finish, offering an opportunity to witness the search from the dog's perspective. Her coaching builds key observational skills and understanding of the dog's hunt and response to odor for all levels in K9 Nose Work®.
JILL KOVACEVICH, CNWI

Dana Zinn's K9 Nose Work® presentation is engaging, informative, and inspiring! Her attention to details in canine search behavior in different environments is unsurpassed, and her passion for building the relationship of dog and handler is intuitive and revitalizing!
BARB HADDEMAN, CNWI

On both days we were engaged from the moment she started to the end of the sessions. Dana enthusiastically set up interesting puzzles and debriefed with good insights and with a touch of humor. Dana captured us with, not only, her professionalism and great depth of experiences, but also her casual style and wonderful spirit.
LAURA CAMODECA, CNWI

Dana Zinn has an eye for the subtleties of both handlers and canine movement/communication and is able to verbalize her suggestions in a way that is kind, to the point and easily heard.
MARTHA KENNEDY, CNWI

She was able to tailor each exercise to the skill level and challenges of each team. And last, but certainly not least, she was an advocate for the emotional well-being of the dogs.
CHRIS WOODWARD

Dana's knowledge about how odor works, how to set hides, how to read the dog, and all other aspects about nose work and dogs in general is mind blowing. I can't stress this enough.....you have to see her whenever you can. You will not be disappointed.
LAURA YURCHAK, CPDT-KA, CNWI
