K9 Nose Work® Training Camp

Camp Chen-A-Wanda, Thompson, PA
September 2-6, 2024
Monday - Friday

Dear Camper,

With camp just a few weeks away, I hope you are getting excited about the adventure in Nose Work that awaits you! **Please read all the enclosed information carefully so you are prepared for camp.** We know it is long but there is so much important information to share with you.

PLEASE open all the links and print or download the documents to bring with you**.** We are limiting the printed handouts.

Important Links and Referenced Documents:

- PA Camp 2024 Resources Page
  - Discussion Group Sign Up
  - Craft Night Fleece Dog Tug Sign Up – Deadline 8/15/24
  - Camper Arrival Times
  - Local Amenities and Emergency Information
  - Camp Chen-A-Wanda Map
  - Tips for Navigating Camp

- K9 Nose Work Training Camp PA 2024 Facebook Page
- COVID-19, Flu and General Health Policies
- COVID Refund Policy
- Canine Health Policy
- Fundraiser Canine Performance Sciences Auburn University College of Veterinary Medicine
- Camp Chen-A-Wanda Website

COVID Preparation:

- Before coming to camp please make sure you do not have COVID, with either a rapid test or a PCR test. **You will be sent a COVID check-in waiver approximately 10 days before the start of camp**.
- Please reread the COVID-19, Flu and General Health Policies and COVID refund policy sections on the website. See link above.
- To best guard against infection, we ask that you please limit your unmasked interaction on your trip to Camp and during Camp. We hope that you will get take-out vs. eating in restaurants to minimize exposure.
- Our goal is to provide a safe environment where we can all feel comfortable, and where risk is minimized, while still enjoying the camp experience. Your support and cooperation are important to each of us.

Registration Check-in:

- **Logistics Team Members:** Arrive on *Sunday, September 1, 2024 at 10:30AM*. Go through the main gate and park in the parking lot. Kathy Austin will meet you there to do any paperwork, witness your COVID testing and direct you to your housing. If you do not see her, please text Kathy at (508) 397-0618. Please read the rest of this letter as it also relates to you.
- **Regular Campers and Auditors Arrive:** Monday, September 2, 2024, between **9:30am – 10:45am at staggered times**. Your assigned time relates to your cabin assignments and the fact that there is limited parking. Commuters must also check in during this time frame and will come in last so they can stay parked where they get their COVID tests. **Please refer to the camp Resource Page "Camper Arrival Times" for your arrival time slot.** Please do not get in line early or arrive late. If your dog needs to be walked, plan to stop before arriving at the camp to take care of that.

Registration Process:

- Expect that the registration process will take about 20-25 minutes from your car. Please stay in your car until your COVID test result is negative.
- A staff member will greet you at your car. Again, please stay in your car. AT THAT TIME, the staff member, or one of our medical team members, will ask you to self-administer one of the *COVID rapid tests you have brought from home,* while in their presence. Please do NOT start it before you check in and someone is there to watch you/help you.
- While you are waiting, you will get your packet of camp information including: your group info, schedule, **any additional orientation info,** housing assignment, how to get to your cabin to unpack, and where to park once you are settled in. So, while you are waiting, you will have lots to do!
- **This letter serves as your orientation,** along with a reminder/additional orientation handout you will receive while waiting for your COVID test results. You need to read THIS LETTER and your additional orientation info before you attend your training group meeting.
- Once you have a clear health check, we will take your crate and chair from you as well as any other loaner items. PLEASE PACK YOUR DOG CRATE AND CHAIR so it will be very easy to get out of the car without unpacking.
- If you test positive, another test can be taken. If still positive, you will be directed to leave camp.
- *I am sorry but we cannot accommodate early arrivals, so please arrive at your designated time frame.* You may want to, or need to, get to the general area the night before camp starts so you can arrive on time.
- You will have ample time to get settled in your cabins, unpack, and get yourself and your dog(s) acclimated to camp.
- We will be serving lunch from 12:00 noon to 12:45pm with your first training session beginning at 2:00 for your group meeting and then class will start immediately after that - approximately 30 minutes later.

Unloading at your Cabin/Room:

- Once we give you your cabin assignment, you will be able to drive your car around the camp to unload near your cabin/room. Some people will have longer walks than others. A dolly or wagon may be helpful. When unloading, please make sure there is space for other vehicles to get by. It may be best to drop all your stuff near your cabin, then move your car to your designated parking area if the road is tight near your cabin. A camp map is available to print on the resource page.

Parking:

- **Parking for those staying at Camp:** You will be shown or told where to park. Parking will be spread out on the camp property. Some campers will be able to park at or near their cabins. If you have a **handicapped parking plate,** please let us know no later than August 23rd so we can assign you parking as close to your cabin or the dining hall as possible.
- **Parking for Vehicles Loaned for Searches:** If you are loaning us your vehicle for searching, your car will be parked at designated search areas. You will be told at check-in where to park your car after you unpack. At that time, you will give your keys to a Logistics Team Member supervising the vehicles or another designated LTM.
- **Commuter Parking:** Commuters will park near the camp entrance in the designated paved parking lot. Commuters with dogs: Plan to bring your own shade and cooling cloths, fans, or other items to keep your dogs comfortable as the commuter parking lot is NOT shady. Dogs will be kept in vehicles during meals, breaks, and activities without dogs. Please plan ahead so that your dog will be safe and comfortable.

Campers Leaving Procedure:

- Cabins must be swept out, all furniture moved back in the location you found it, and all garbage taken outside to a proper receptacle. The camp will provide brooms. If your cabin side does not have a broom, ask your neighbor. Campers that leave their cabins requiring excessive cleaning, or cabins that are damaged, will be charged accordingly. You will have an opportunity to check for existing damage to your cabin. Please talk with Kathy Austin or Karin Damon so that it will be noted upon arrival. Photos are encouraged of significant existing damage.
- All on-site campers need to check out by turning around your cabin door sign with your name on it in the holder, so the name does not show. This will tell our Logistics Team that you have left so we can check your

cabin to make sure that you have taken all your belongings, and your dog has not caused any damage: this includes ripped or damaged screens/screen doors and scratched doors etc.

- **PLEASE PACK BEFORE YOU MOVE YOUR CAR NEAR YOUR CABIN. You may not be able to get all the way to your cabin.**
- You will be allowed to drive up to or closer to your cabins to load from 6:00am – 10:30am on Friday, September 6.
- Please do not block the camp roads. PLEASE do not move your car the night before and park it near your cabin. Respect the property and do not drive in areas where you will cause damage.

Monday Afternoon & Evening:

12:00 – 12:45pm: Lunch will be served in the dining hall with additional seating outside. Due to COVID, everyone will be encouraged to spread out. You are welcome to eat outside or at your cabin.

2:00pm: Training Group meeting at your first training location. Bring your dog so you can start class right after the meeting. Your dog must be crated and quiet during the meeting. At your training group meeting, you will talk with your first instructor and other group members so you can get to know each other, and your instructor can take down basic information on you and your dog for all the instructors to share.

Auditors are welcome to join a training group and share information about themselves. Auditors will not have a separate group meeting.

Approx. 2:30 – 4:45pm: A 2 ¼ hour long training session. A great way to start camp.

6:00 – 6:45pm: Dinner

After Dinner:

- Time to settle in and relax with your dog after a travel and training day.
- The Self-Serve Sniff will also be available up to 9:00PM depending on the location for those that need a bit more Nose Work for your working dog or take your non-working dog over for a simple search. Exterior locations will end at dusk.

Camp Schedule:

- You will receive a detailed camp schedule at registration.
- At the end of class, expect to pack up your crate and dog to move to another search location which is often in the same basic area.
- There is a 1 ¼ hour break at lunchtime. Lunch is served from 11:45am – 12:30pm.
- We will have other activities that don't include your dog. This is a good time to let your dog rest while you learn more about Nose Work or have some non-doggy fun.
- On Thursday night at our Farewell Dinner, we will have time to thank the staff and end with the Camp slideshow by photographer, Karen Ogden. Please plan to join in.

Your Working Group:

- You will be given your working group assignment at registration. The working groups have been divided based on multiple criteria. We have considered many factors including: your dog's strengths and weak areas, your dog's working style, your dog's experience level, your level of experience, and your goals for camp. As with any camp, class, or working seminar, there will be variability within each group. Your instructor will do her/his best to accommodate variations within each group. If you have concerns after you meet and train with your group, please see Dana Crevling.

Dog Crate Shuttle System:

- To make camp life a bit easier for our campers, we will be providing LIMITED transportation for your dog's portable folding crate and regular size folding camp chairs so you may not need to lug your crate from one end of the camp to the other. We will do our best to provide help to get your crate up and down the large hill. You are expected to move your gear for shorter area changes.
- At registration, you will drop off your crate/chair and our camp Logistics Team will bring your item(s) to the drop off point for each work area. When you get to the work area, you will gather up your crate and bring it to the specific search area for your group. There may be more than one group sharing a drop off/pick-up location. Once you are finished training your dog for the day or when you are getting help with moving, you will fold your crate back up and return it to the drop off area so our camp helpers can move it for the next day. Crates moved at the end of the day will be covered with a tarp, put in a building or kept in a van at night. Your crate might get damp/wet depending on the weather. This system may be adjusted to best manage the equipment. A final shuttle plan will be discussed if there are significant changes.
- Again, you should expect that you will be moving your crate yourself for the areas closer to each other.
- If you wish to bring a folding camp chair (no lounge chairs) we can also transport that with your crate or you may carry it. It will be stored with your crate and might get damp/wet. Chairs may be provided at inside lecture locations but most likely will not be available at the working stations or outside lectures.
- Fabric crates are appreciated IF the dog can SAFELY be contained. Fabric crates will be easier for the Logistics Team and you to move.
    - Only use fabric crates if you know the dog is good in one vs. trying it at Camp for first time.
    - Reactive dogs should still be in wire crates with covers.
- You may elect to use the system or carry your own crate.
- When you register at camp, we will provide you with a tag to identify your property. However, we suggest that you put your name on your items before you leave home in case the tag provided falls off or is damaged.
- Our Logistics Team will do their best to handle your belongings carefully, but we cannot be responsible for damage.
- Each camper is responsible for transporting training bags or other items so a portable dolly that can roll over dirt roads and uneven ground may be helpful.

Shade and Crating:

- At each workstation, there will be a crating area. We try to have the crating areas either inside, under trees, or possibly under easy-up tents if weather is extreme. At some search areas your dog's crate will be out in the open. Please plan to bring a reflective shade cloth or sheet to cover your crate to ensure your dog is out of the sun if needed. A cover is also important for dogs that get over stimulated or just to give your dog some privacy.
- Because you will be moving from station to station around the spread-out camp property, we don't suggest people bring individual tents for personal use as your dog needs to be at the specific work area that will change from session to session and day to day. We hope you will share your tent with others by providing it for use by the camp.
- A portable battery-operated fan might be helpful to keep your dog cool in her crate if the weather forecast is for warm weather.
- You may cool your dog between classes at the beach area. On leash/longline only.

Setting Your Own Hides:

- **Please do NOT set your own hides** of any kind on the camp property. With all of the dogs coming and going we do not want confusion or dogs accidentally ignoring odor or searching for residual odor when moving around camp. This includes other odors, as well as HRD, and other types of search training. If you want to set your own hides, please leave the camp/ host property completely.

Food:

- Our first all-camper meal will be lunch on Monday, September 2nd and the last meal will be breakfast on Friday, September 6th.
- Breakfast, lunch, and dinner will be served buffet style in the dining hall at designated times. Eating meals will be your choice of inside, outside or "to go."
- There will also be water and snacks each day left out if you need something between meals.

- The menu will consist of healthy, filling food "camp food".
- If you are a vegetarian (no meat or fish but will eat dairy), vegan (no animal products at all), or dairy free diet, the camp will make you a special meal if needed or supplemented food for every meal. If you requested one of these alternative meals, you would be expected to eat that way all camp in order to be fair to the chef who is taking extra time to shop for and cook something just for you. These alternative foods may be limited so bringing your own extra food is suggested.
- We are sorry, but we cannot cater to more specific/specialized dietary restrictions than the alternatives listed above. Campers should plan to supplement their meals as needed/desired to meet your own special needs or preferences.
- There is a Zazerra's Market 20 minutes from camp in Forest City, PA. You may want to plan to shop before you get to camp.
- Refrigeration is not available for campers. Please plan to bring a plug-in cooler or ice chest to keep things cool, including dog food. Ice will be available behind the Arts Center. There will be a sign on the door.

Water/Beverages:
- Special drinks will not be provided, so please plan to bring your own if you want soda, etc.
- Please be sure to have plenty of water readily available throughout the day for you and your dog. Bring a refillable bottle or a case of water with you.
- For the Farewell Dinner and Crafty Social Night, you are welcome to BYOB and your own cups.
- Please no alcoholic beverages until after all dog training classes are finished.

Photos:
- Campers may take photographs of their friends and themselves for their personal use.
- Please do not take photos of people you do not know or the instructor working without permission if you hope to post/share them on a social site other than our private FB group.
- We are happy for you to post appropriate photos on social media sites as long as all parties in the photograph have given you permission to post their image and the specific photograph. This includes permission from the instructor/staff member who has seen the specific photo and approved it.
- **Please** share your photos on our special private FB page just for us. See more below.
- Camp representatives may take photos for historical, posting, and promotional reasons.
- Dana would love it if you shared some of your special camp photos for our photo library and to use for futures camps, promotion, and advertising.

Camp Photographer

We are excited to announce that Karen Ogden of Sirius Digital Photography will be attending camp and taking photographs of you and your dog. This is her 10th year! Karen is a NW instructor, competitor, and trial photographer. You may e-mail her before camp or talk with her at Camp to setup a preliminary time to have a portrait session at mudpuppy.ma.ultranet@rcn.com Karen is expected to have information at/near the info table in the dining hall.

Video or Audio Taping:
- Working campers may take videos of their own dog working for personal use by their friends and themselves *under the following circumstances.*
    - Videoing your dog working is at the discretion of the instructor.
    - Video/s may not be posted on a public website such as YouTube for public viewing without permission from the Camp and the instructor. Your dog's training and lessons at Camp are for you, not for the masses or for business purposes.
    - Please do not give others permission to video you and your dog to use for their purposes. Again, camp lessons are for the individual's personal learning not for others education or entertainment.
- No video or audio taping of lectures, classes or instructor discussion in the groups please.
- Please do not take video of others working their dogs unless you are specifically doing so for THAT person running the dog and are using their camera.
- You are welcome to share your short videos on out private Camp FB page.
- There will be some videotaping done by the instructors and staff for educational and historical purposes and video may be taken of each camper for our private FB page.

- If you have questions, please talk with Dana Crevling.

Facebook Communication:

We will be using a special FB page to communicate and share photos and experiences during Camp. Dana and the staff will put reminders, announcements, photos and fun info on this page. All campers and staff are welcome to share here. Please sign up for our private group. Search Facebook for K9 Nose Work Training Camp PA 2024 or follow the link in the first section of this document.

Lodging:

At camper registration, we will give you your cabin assignments. We have done our best in getting you the lodging you requested. Cabins are not heated nor air-conditioned. You are welcome to bring a space heater to keep you warm on chilly nights. Please do not leave the heater on when you are not in the room. Also plan to bring warm clothing, blankets, or sleeping bags. Electric blankets for the beds are welcome. If it is hot (outside or in your room) you will want to bring your own fan for the room and have the ability to dress in layers.

Traffic:

The camp is a non-driving camp. The dirt roads that weave through the camp will only be open to the staff vehicles to move equipment and staff golf carts. Camp Chen-A-Wanda policy is strict, and we will ask you to move your vehicles if in the wrong location. Please plan accordingly.

Linens:

Campers are expected to bring their own linens and pillow. Beds in the cabins are twin bunk beds, some of which may be pushed together to create a full-size bed. Single rooms In Valley View and the Health Center may have full/queen size beds or twin. Best to plan on bringing two flat sheets so that you can tuck in any excess.

Smoking:

Camp Chen-A-Wanda has agreed to be a restricted smoking facility for our group. All smoking must be done in designated areas away from the woods or dried leaves and *never* inside a building or structure. All cigarette waste must be disposed of in designated containers. Violation of these rules is grounds for dismissal without refund. Smoking areas are behind the Mountain Top Lodge (Staff housing) and outside the front Camp Chen-A-Wanda gate. The gate is close to the dining hall. **These limitations include electric cigarettes and vaping.**

Auditors:

- Campers who register as auditors are allowed to attend all sessions and move from group to group as long as she/he does not create a distraction or disturbance.
- Auditors are allowed to watch but will not participate in the training or other dog-related activities. **During working sessions, we ask that auditors hold questions as it takes away from and interferes with the working campers' time.** Instructors will remind auditors to hold questions until after class or for another time. Auditors can ask questions during round table discussion and demo times.
- Auditors must leave their dog(s) home.
- Anyone that stays on camp property and is not working a dog is considered an auditor.

Continuing Education Units (CEUs):

- KPA-CTP CEU codes will be sent to campers via email two – three weeks after camp.
- NACSW™ and CCPDT CEUs are entered online. Please check your instructor portal or membership account on the NACSW™ and CCPDT websites two – three weeks after camp.

Shopping:

The camp store will be open during registration, lunch, dinners for the first 3 days of camp. An additional time one of the evenings may be added if needed.

Cash or checks are preferred, and those purchases will be checked out at the time of selection. *Please bring multiple checks for the two different camp stores and for the raffle. All credit card payments will be invoiced via PayPal and the camper will pay on-line****.***

Credit Card orders should be available at the time of purchase or for pick up the morning after payment has been made.

We request that campers do not promote, advertise, or sell items at camp. See fundraiser below if you have an item or business, you would like others to know about.

Fundraiser:

- At Dogs of Course events, including K9NW Training Camp, we have a tradition of helping those less fortunate or supporting work that benefits canines. Most often it is a dog-related charity or of humanitarian interest. The recipient of this year's raffle will be **Canine Performance Sciences Auburn University College of Veterinary Medicine.**
- This year, tickets for the items can be purchased by check or cash only via a self-serve system. Directions will be given at the raffle area. The raffle winners will be announced at the Farewell Dessert Party on Thursday night.
- Thank you to those campers that have offered to donate an item. Please bring your item with you to our first day lunch and drop them at the raffle area. Please put your name on it so we know who donated. **If you would like to bring an item but did not originally volunteer, it is not too late.** Popular items include dog toys, nose work related items, general interest items, gift cards, gift certificates etc. If you can provide a basket or other way to show your item that would be appreciated. Items may be combined. ***New items please****.*
- **We are trying something NEW.** ***We will have a gift card tree. We need gift cards to put on the tree.***
- Donating an item is a great way for you to promote your business. We allow business cards and/or small samples to be displayed with the donated item. No pricing sheets or catalogs.

Visitors:

We do not allow visitors or day guests to camp. Please do not invite visitors. If you have a special circumstance, please speak to Dana about it prior to camp.

Veterinary Clinics, Grocery Store, and Hospital:

A link with a list of local amenities and emergency facilities near Camp Chen-A-Wanda can be found on our camp resources page. The link to the resources page is in the first section of this letter under "Important Links and Referenced Documents". The camp is in a rural area so please plan to get supplies before you come to camp.

Community Supplies:

Thank you to all campers who offered to bring tents, ex-pens and allow us to use their vehicle for searching. We wrote you separately about your offered item.

Swimming:

The pool will be closed, and we ask that people do not swim in the lake as we won't have a lifeguard available. You dog may swim at the beach during breaks and before and after classes . See sign for lake hours. All dogs MUST be on a longline/or flexilead with a person holding the other end at all times when swimming.

What to Bring:

- **Two COVID Rapid Tests – one will be used at check in, in the presence of a staff member.** The second test should be saved in case you need it during camp.
- **Masks** – Please bring at least one mask per day to cover your nose and mouth IF needed when inside. Masking MAY be required while in line for your meals, getting your meals, indoor searching, inside demonstrations and discussion groups. The masking policy will depend on the COVID rate and the weather.
- **Hand Sanitizer**
- **Multiple checks and cash** for shopping (2 vendors at the store) and the raffle.
- **Comfortable clothing, sensible shoes, robe, flip flops for the shower area, boots and rain gear, sunglasses, sun hat, warm hat** – Plan for warm and cool weather. Typically, days will be t-shirt to sweatshirt weather. At night, it can get *cold* so bring warm layers and/or a fall/winter jacket. Campers are required to wear sturdy closed toe flat shoes during training time. Sneakers, work shoes etc. are best. Closed toe sports sandals with closed backs like Keens are also fine for training if you don't like sneakers.
- **Don't need nicer clothing** – We will have a farewell dinner; you can dress up or come as you are.
- **Personal toiletries** – bath soap, shampoo, toothbrush, toothpaste, shaving kits, hair dryer, and whatever else you may need.
- **Flashlight, sunscreen, etc.**
- **Tick and mosquito/bug repellent**
- **Fan, reading light, alarm clock, extension cord, power strip, electric blanket, space heater.**
- **Lawn or easily carried folding camp chair** – you need to carry it to some of your search areas so should be light weight.
- **Camera, thumb drive, memory cards, video camera** - if you would like to record your experience.
- **Laptop** – taking notes and posting photos on social media and our camp FB page etc.
- **Extension Cord** to plug in your laptop and phone.
- **Preprinted address labels** to use on the raffle tickets and for store receipts.
- **Towels** for you and your dog. If your dog goes swimming or it rains you will need to dry off your dog before entering the cabins or inside training spaces.
- **Sheets, pillow and pillowcase**
- **Blankets –** bring a heavy blanket(s), comforters or sleeping bag. It is best to bring too much than not enough
- **Bathroom rug –** totally optional but you might want it.
- **Journal/Notebook** – to keep your training and lecture notes in.
- **Note Taking Supplies** – pens, pencils, your eyeglasses, clipboard, paper, etc.
- **Dog Equipment** – sturdy collar(s) and 6' leash to move your dog from place to place. Head halter, martingales etc. Also, bring your Nose Work equipment. Many people use body harnesses (not no-pulls) or very wide collars, and an 8 – 15-foot lead with a clip is suggested. You may also want a flexi-lead or long line for the exercise field or swimming your dog. No electronic shock collars are allowed at camp. PLEASE make sure your dogs have ID on them at all times during camp!
- **Training equipment** – bait bags, your dog's favorite motivational toys, a sheet or shade cloth to cover your dog's crate, battery operated crate fan, portable water bowl and jug for water, etc.…
- **2 Red Bandanas if your dog needs/desires space** – All dogs that need additional space MUST wear a red bandana at all times. The other bandana is for your crate. Please keep it on the dog NOT on you as too difficult to notice on the person. Commuters may want to put one on your car.
- **Dog food and treats**. It is best to have a variety of treats available to keep your dog interested. We use LOTS of food to motivate the dogs! The treats should be smelly and high value.
- **Dolly or cart –** to move your crate, chair and training bag. If you don't have a luggage tote or personal type dolly, you can buy one pretty inexpensively at stores like Home Depot. They fold up small and have strong wheels.
- **TWO Crates for your working dog -** One for your room or car and one to put at the working area. Remember that your dog needs to be crated or in an ex-pen when s/he is in your room alone. No ex-pens in the working areas. Dogs should be crated in your car if you are a commuter.
- **Two water bowls and a food bowl, spoon, a knife to cut up treats, paper towels**
- **Poop Baggies** – an essential item for canine clean-up.

- **Clean-up supplies** - in case you spill or there is an accident in your room
- **Snacks for you, bones and/or interactive toys for your dog**
- **Blanket or bed for your dog**
- **Ice Chest Cooler or Plug-in Cooler**
- **Bottled water or a travel cup, mug, or jug for water** – we want everyone to stay hydrated.
- **A raffle item if you wish**
- **Whatever else makes sense.**

Cell Phones and Wi-Fi:
The camp owner reports no problem with AT&T, but Verizon coverage can be spotty. We cannot attest to the signal strength or other carriers. Please know that we are in the mountains and at a children's camp so these services may be limited and cannot be guaranteed. You may find reception is better in some areas of camp over others.

Wi-Fi will be available for our group. Wi-Fi may only be available in certain places around camp. We will let you know and give you any Wi-Fi log in passwords, if needed, at camp.

Driving Directions:
Camp Chen-A-Wanda
355 Camp Road
Thompson, PA 18465

Cell service may be interrupted on your trip to and from Camp. You are going into a rural mountainous area. Make sure to get your driving directions all the way to camp before you go to the mountains.

- **From NJ and NY via the NY State Thruway**
  NY State Thruway to Exit 16 to Route 17 West. Exit 104 Raceway Road
  Take 17B (alongside Monticello Raceway) to Fosterdale
  At Fosterdale- go straight ahead, 5 miles to Route 97
  Turn Left onto Route 97 for approximately 500 feet
  Turn Right into Cochecton and take 371
  Continue on Route 371 and pass thru Pleasant Mount and Herrick Center
  Go straight ahead into Herrick Center
  As you go straight ahead, Route 371 West becomes Route 374 West
  In 3 miles you will come to Dimock Corners
  Turn Right to CAMP CHEN-A-WANDA (about 2 miles)

- **From NY and NJ via the George Washington Bridge/Route 80**
  George Washington Bridge to Route 80 to Route 380 North to Route 81 North
  Exit at 206 (old Exit 63) Lenoxville, Elk Mountain Ski Resort
  When exiting from highway, go straight at the stop sign
  Follow the signs to Elk Mountain Ski Resort by following 374 East
  It is about 8.7 miles to Elk Mountain
  Go 1.1 miles past Elk Mountain
  At the stop sign – head left and continue on 374 East
  At the four corner intersection, 374 East turns to the Right. Go straight – Do not turn Right *Camp CHEN-A-WANDA is 2 miles ahead on the Right

- **From Philadelphia via Pennsylvania Turnpike**
  Take I-76 W via the ramp to Valley Forge
  Take exit 331B to merge onto I-476 N for 115 miles
  Take exit onto I-81 N toward Binghamton
  Take exit at 206 (old Exit 63) Lenoxville, Elk Mountain Ski Resort

When exiting from hwy, go straight at the stop sign
Follow the signs to Elk Mountain Ski Resort by following 374 East
It is about 8.7 miles to Elk Mountain
Go 1.1 miles past Elk Mountain
At the stop sign – head left and continue on 374 East
At the four corner intersection, 374 East turns to the Right. Go straight – Do not turn Right *Camp CHEN-A-WANDA is 2 miles ahead on the Right

Airports: *(times are approximate and will vary based on traffic conditions)*

- Newark, NJ – 3 hours
- Newburgh, NY – 2 hours 15 minutes
- JFK, NYC – 3 hours 30 minutes
- LaGuardia, NYC – 3 hours, 10 minutes
- Albany, NY – 2 hours 45 minutes
- Wilkes-Barre/Scranton, PA – 1 hour 15 minutes

Questions:
Contact Dana Crevling at Crevling@dogsofcourse.com (Subject line: PA K9 Nose Work® Camp) or leave a message at 508/254-5926, M-F, 8am – 7pm EST. Messages will be returned within 2 business days. Monday – Friday.

I will be leaving for camp early morning Friday, August 30, 2024. If there is an emergency that cannot wait until camp, you may reach me on my cell phone at 508-254-5926. I will do my best to check for messages a couple times a day if I don't have cell service.

I look forward to spending time with all of you!

Sincerely,

Dana Crevling
Camp Director
